

## LINCS Standardized Unique Small Molecule IDs (LSM)

### Release Notes

BD2K-LINCS Data Coordination and Integration Center

Release Date: February 03, 2014

### Description

The LINCS standardized small molecule ID is the unification at the compound level provided information from diverse LINCS Screening Centers.

### LINCS Small Molecule Release Summary

Description	Count
Total number of LINCS unique compounds (SM_LINCS_ID) File name: CompoundTable_LINCS_StandardizedCmpds_LSMIDs_03Feb2015.txt	35360
Total number of samples (SM_CENTER_SAMPLE_ID) File name: SampleTable_LincsID2FacilityID2CenterBatchID_LINCS_StandardizedCmpds_LSMIDs_03Feb2015.txt LincsID2FacilityID_LINCS_StandardizedCmpds_LSMIDs_03Feb2015.txt	35797
